

**KAPLAN** MEDICAL

**USMLE<sup>®</sup>**  
**Step 1 Prep - Live in INDIA**

October 8 - December 2 / HYDERABAD

**Hosted by: Shadan Institute of Medical Sciences**

# Jump-start your journey to residency.

As a Step 1 Live in India student you'll get:

## LIVE LECTURE

265+ hours of **live**, interactive lectures with our award-winning US medical faculty. Dissect and integrate the most high yield topics and concepts that will show up across your exams.

**Live in Person Subjects:** Biochemistry, Pathology, Pharmacology, Physiology, Anatomy, Behavioral Science, Immunology, Microbiology and Medical Genetics

## WORLD'S GREATEST FACULTY

More than 50 experts. More than 250 awards. 760 published research studies. 940 years of collective teaching and physician experience. Our elite faculty who are experts in their fields will prep you for every USMLE step and provide you with insider tips to ensure you are prepared to score high and be best prepared to take the next steps in your medical career!

## LECTURE NOTES

Complete set of full color lecture notes-- 7 volumes + Digital Copy

## ACCESS TO ONLINE RESOURCES

### ON DEMAND VIDEO LECTURES

Over 200 hours of comprehensive basic science online video lectures, featuring warm-up and post-test quizzes.

### QBANK

Over 2,200 USMLE style **questions and explanations** with free iPhone® and Android™ integration

### ASSESSMENT TESTING

Begin your studies with a diagnostic test and continue to measure your performance through topical subject based assessment exams. Use our **2 full length** simulated exams to determine your test readiness and to practice your pacing and stamina so that you're ready for test day.

### WHY ARE HIGH USMLE® SCORES SO IMPORTANT?

Program Directors primarily use USMLE scores and number of exam attempts in order to narrow the list of Residency candidates to interview. In fact in the 2015 Residency Match, the average difference in Step 1 scores between matched and unmatched candidates was only 14 points, making every point you get on USMLE crucial to your success in obtaining a residency position.<sup>(1)</sup>

# The road to residency just got easier.

High USMLE® scores may earn you an interview, but they won't guarantee you'll match into residency.

Kaplan Medical helps International Medical Graduates with essential skills to make them an above average Residency candidate.

## What our students are saying.....

### Dr. Kamram K.

**Step 1 Score - 265**

Kaplan was vital to my USMLE Step 1/Step 2 CK preparation and provided me with a concrete basis to excel in all USMLE exams. The Step 1 Qbank was absolutely terrific and was an integral part of my study routine. I strongly believe that the Step 2 CK textbooks were a phenomenal, comprehensive review and made repetitive reviewing manageable. I couldn't have done it without Kaplan.

### Dr. Isabela P.

**Step 1 Score - 255**

The On Demand videos helped get a wide perspective of the material, the live lectures helped me focus on the important subjects and also provided me with new information that would help me answer the harder questions. I believe this made the difference between a normal score and a great score. The Qbank gave me the practice and confidence I needed to be a good test taker.

### Suman R.

**Step 1 Score - 253**

The Kaplan Medical course had a significant impact on my scores, but more importantly it helped me develop a more profound and comprehensive understanding of the various fields in the basic sciences.
